

End of Year Accounts (April 2020 - March 2021)

Annual Income

Annual Expenditure

Notes

These figures are presented as accurate at the time of writing but maybe subject to change due to continued activity relating to the previous financial year.

Covid-19 has impacted the levy collection rate for Year 5, which currently stands at 82.7%.

*Major Projects refers to expenditure for large scale projects spanning the 5 years of the BID term, namely 'Improved Signage & Wayfinding'.

**Some of the surplus taken forward is committed to projects that have run over into the new financial year. The remainder will be used as a contingency against future disruption caused by Covid-19, i.e. spend on specific projects to help support York city centre.

Full company accounts are prepared by HPH Chartered Accountants and are available at www.theyorkbid.com/downloads/
